**SUBJECT:      General Bid Results  
                  Taunton Airport Administration Building  
                  2019-FMA-16-SAAB**

**Bidders:**

Pursuant to the methods and criteria set forth in the Bidding Documents, a detailed analysis of the general bids submitted was performed. The bid by Rubicon Builders was rejected as the bid form was not completed correctly. The remaining bids were evaluated and they exceeded the funding budget. Therefore, all general bids are rejected and the project will be rebid. The original filed sub-bids will be retained for the general rebid. It is anticipated that the general rebid will be advertised within the next two weeks. Please monitor the following link for updates <https://www.dubois-king.com/projects-bidding-active/>.

Very truly yours,

Bob Adams -Chairman  
Taunton Municipal Airport Commission
