

BID OPENING MINUTES

CHROMA SLOPE STABILIZATION AND STORMWATER IMPROVEMENTS

AUGUST 29, 2022 AT 10:00 AM

Sealed bids for the construction of Chroma Slope Stabilization and Stormwater Improvements Project were received at the Chroma Technology Corporation facility at 10 Imtec Lane, Bellow Falls, VT until 3 PM August 26, 2022.

The bid opening was held on August 29, 2022 at 10 AM. Individuals present at the bid opening included: Janette Bombardier – Chroma, Rick Holloway – Chroma, Scott Pickup - Rockingham Municipal Manager, Gary Fox - Rockingham Development Director, Buck Adams - Western Earthworks/Adams Excavating, Greg Koshinski - CD Davenport

10:00 AM – Janette Bombardier began opening bids and publicly read the bid amounts aloud. A total of four bids were received prior to the August 26, 2022 3:00 PM deadline. A summary of the bids received is provided below:

Contractor	Bid Amount
Western Earthworks, LLC	\$2,492,371
J.P. Sicard, Inc.	\$1,980,800
Clayton D. Davenport Trucking, Inc.	\$1,987,000
Bazin Brothers Trucking, Inc.	\$1,731,625

Bazin Brothers Trucking, Inc. was determined to be the apparent low bidder. Janette Bombardier acknowledged the receipt of the required bid bond and Addendum Nos. 1 and 2. All bidders provided the required information with the exception of Western Earthworks, which did not include the Bid Form acknowledgement cover page in its bid package. Contractors were informed that a full bid analysis would be completed and that notification would be provided to bidders once a final selection had been completed.
